Table of Contents

Validation Messages

✓ EPUBCheck found no errors or warnings for this EPUB file.

✓ The languages declared in this EPUB are all valid.

Best Practices

✓ This EPUB declares the location of its cover image.

✓ This EPUB does not use any inline styles.

✓ This EPUB provides a valid 13-digit ISBN.

✓ This EPUB's images are saved in the RGB rather than CMYK colorspace.

✓ All of the content files in this EPUB are smaller than the recommended 300 KB.

✓ All of the image files in this EPUB are smaller than the recommended 10 MB.

✓ This EPUB contains a landmarks nav specifying the recommended locations (cover, toc, and bodymatter).

✓ This EPUB contains no blank/empty content files.

✓ This EPUB defines the beginning of its main content.

✓ This EPUB does not contain any ligature characters.

⚠ This EPUB does not provide a Page List.

For an example, please see our Handbook entry on the Page List.

Retailer Acceptance

✓	✓	✓	✓	⚠	✓

Apple

✓	This EPUB was successfully validated using Transporter, Apple's official validation tool.

✓	All URLs in this EPUB are properly encoded.

✓	Each of this EPUB's images has fewer than 4 million total pixels, as Apple requires.

✓	This EPUB's images are saved in the RGB rather than CMYK colorspace.

Barnes & Noble

✓	This EPUB 3 file includes an NCX file for backwards compatibility.

✓	This EPUB does not include any JavaScript. Barnes & Noble does not accept EPUBs containing JavaScript.

✓	This file is under 20 MB in size. Files larger than 20 MB cannot be sold through NOOK Press.

Google

i	The EPUB's filename should normally have the form [ISBN].epub for submission to Google Play Books. For more information about how to name files submitted to Google Play Books, see

.

✓ This EPUB declares its start location in the <guide>. This is recommended, since Google uses the start location when creating a sample excerpt of the EPUB.

✓ This EPUB does not include JavaScript. Google accepts files with JavaScript but does not allow the JavaScript to run.

✓ This EPUB's size is under 2 GB. Google Play Books requires that EPUB files be smaller than 2 GB.

✓ This book does include its cover image in the metadata, which is a requirement for Google Play Books.

- See this file: **OEBPS/cover.jpg**

Kobo

✓ The ISBN is given in the dc:identifier in the metadata. Kobo also accepts EPUBs where the ISBN is used for the file name.

✓ The location of this EPUB's cover is given in the landmarks section of the nav document.

✓ This EPUB file's size is under 100 MB. Files larger than 100 MB cannot be uploaded to Kobo Writing Life.

✓ This EPUB's images are saved in the RGB rather than CMYK colorspace.

Amazon

✓ KindleGen successfully processed this EPUB.

⚠ Amazon does not support some of the CSS selector features used in this file:

- **styles.css** – **:only-of-type** is not supported. Look at this selector: **img#img_vh:only-of-type**

ℹ The Kindle Guidelines state that source files should not have a cover HTML document, only the reference to the cover image itself in the OPF file. Having an HTML cover image page will cause readers to see the cover image twice on the Kindle.

Kindlegen should remove the cover HTML for you, or you can remove the cover HTML from your EPUB source file before delivering it to Amazon. Please see **this page in the Handbook** for more information on cover image markup.

✓ This EPUB contains a landmarks nav specifying the recommended locations (cover, toc, and bodymatter).

NetGalley

✓ This EPUB declares its title in the metadata in the OPF file.

✓ This EPUB does not have embedded audio or video files. NetGalley does not accept EPUBs with embedded audio or video.

✓ This EPUB is smaller than 40 MB. NetGalley suggests that EPUB files be no more than 40 MB for the best experience.

✓ This EPUB provides a statement about rights in the metadata in the OPF file.

✓ This EPUB uses reflowable text rather than a fixed layout. NetGalley does not accept fixed layout EPUBs.
